SUPERVISOR/MENTOR'S EVALUATION

Name of student: _____

1. Discuss the nature of the student's internship. What did he/she do?

2. Evaluate the student's performance. Include some comment on the ways in which you think the service internship was beneficial to the student, and ways if any that the student's work has benefited your organization or agency. Also include some comment on whether, and to what extent, the student met, failed to meet or exceeded your expectations.

3. Do you have some thoughts about possible ways that this service internship might be structured differently for future Queens College students? Are there ways in which this service internship might be improved in the future?

Department of Urban Studies

4. Are there additional projects that your organization would like to discuss as sites for future service interns from Queens College?
